COYOTE® Outdoor Living

PELLET GRILL
THE NEXT GENERATION OF OUTDOOR GRILLS

WHY COYOTE PELLET GRILL

SMART DROP TECHNOLOGY

- Automatically introduces pellets into burner box to control temperature
- Front loading pellet hopper and dual fans

QUALITY CONSTRUCTION

- 304 Stainless steel construction
- Double walled, gasket-lined canopy
- Spring assist hood
- Premium heavy duty drawer glides
- Built-in wind guard

ENVIRONMENTALLY SUSTAINABLE

- Green technology natural fuel with no gas and less emissions
- Highly efficient - burns an average of one pound of pellets per hour of cook time

VERSATILE PERFORMANCE

- Smoke, grill and sear with perfect results every time
- No learning curve to operate - easy to master multiple cooking techniques
- Functions like a high-end oven - built-in timer so that you can set it and forget it with consistent results
