- All 5-burner ranges have 2 x 23,000 btu burners 2 x 15,500 btu burners 1 x 30,000 btu burner
- Smart burner 1x (500 BTU - 20,000 BTU)
- All 4-burner ranges have 2 x 23,000 btu burners 2 x 15,500 btu burners
- Ships with island trim
- 10" backguard, 20" high shelf and wok ring available as upgrades

KEY FEATURES

Exclusive PureVection™ Technology

- Electronically controls multiple heating convection systems, to optimize baking, broiling, roasting and convection baking
- Alternates and adjusts the levels of heat and air circulation needed to produce the best result
- 3 full-extension, telescopic professional oven racks with six-position rack supports glide easily and offer convenient access (Dual Fuel Only)

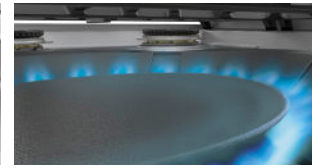

MarquiseDisplay™ iTouch Control (Dual Fuel Only)

- This patent-pending industry-first delivers exceptional convenience, elegance and chef-friendly control
- Once the oven knob is turned on, the touch control lights up and is ready for use
- Display features include time, cooking mode and temperature and gives access to 11 user-friendly displays and programming features

The CircuFlame™ Power Burner

- The award-winning CircuFlame™ Power Burner, also found on the Hestan Commercial range, delivers an unprecedented 30,000 BTU's, the most powerful sealed burner available in the residential market

Precision Sealed Burners 500 BTU - 23,000 BTU

- Hestan also delivers a low simmer setting (500 BTUs!)- because power is nothing without control
- Simmer Flame Capability is made possible by Hestan's precision sealed burner system that maintains continuous, consistent gentle temperatures without flickering - perfect for delicate cooking

Accuknob™/Smart Gas Burner (Smart Only)

- 100 to 500°F (in 25°F increments) of precise temperature control is accessible via a unique, industry first, patent-pending touch-screen AccuKnob™ with built-in full color TFT LCD display.
- Hestan Smart Gas Burner is a high performance dual-flow gas burner system with significant turndown capability from high Btu performance (20,000 Btu/hour) to low continuous simmer (500 Btu/hour) - NG.

Slide Touch Controls (Induction Only)

- Precision induction elements deliver immediately responsive temperature control to provide consistent cooking results.
- Induction power generates exceptionally high heat with greater energy efficiency and safety.
- Low simmer allows for gentle cooking for even the most delicate of sauces.
- Easy to use slide touch controls offer smooth, intuitive and precise power control.
