

BrightShield®

INDUSTRY LEADING

CLEAR ICE
NOW \$2,499

U-Line Clear Ice Machines with the antimicrobial power of BrightShield, at a new low price.

BEST IN GLASS

Featuring U-Choose™ ice fullness adjustability to create customized crystal clear cubes perfect for cocktails, soft drinks, and beyond.

CLEAN & CLEAR

By casting a soft violet glow around the clock, microbial cells are destroyed from the inside out, keeping the surfaces it touches free from contamination.

NEW LOW PRICE

Highly featured products with the industry's latest technology priced to move with a MAP of \$2,499.

AVAILABLE IN STAINLESS + INTEGRATED FINISHES

DETAILS

- Qualifying models include: UHCP115-SS81A & UHCP115-IS81A.

THE CHOICE IS CLEAR

01

Industry leading BrightShield technology destroys viruses, bacteria, fungi, yeasts, mold, and mildew, creating a more hygienic environment. Peace of mind when hands are reaching in to fill their glass.

02

Cleaning is simple - an indicator alert notifies the user when cleaning is needed and our user designed easy clean process only lasts 45 minutes, where others requires a visit from a service provider.

03

With a high daily ice production of up to 55 lbs of ice, and a capacity of 25 lbs, our clear ice machines are ready for hosting friends & family.
