- 5.0 cu ft capacity
- 119 cans
- Temperature range 34 - 61 °F
- Stainless steel & panel-ready
- Soft-close glides
- Stainless steel interior
- Two 3/4 extension drawers

Indoor + Outdoor Rated

Engineered for flexibility, Marvel appliances are built tough enough for patios and outdoor bars, yet refined enough for kitchens and entertaining spaces indoors. Wherever you gather, you can count on consistent cooling and professional-grade performance.

Carbon Filter

A built-in carbon filter circulates fresh air throughout the cabinet, actively reducing odors and impurities. This ensures your beverages and wines stay fresh-tasting, while maintaining a refreshed interior environment over time.

Versatile Storage

From cans to magnum wine bottles, Marvel adapts to what you store. Full-extension wine racks glide smoothly, optional retractable shelves create space for taller items, and soft-close drawers keep contents organized.

Locks + Door Alarms

Security and peace of mind come standard. Door locks keep collections safe, while built-in alarms alert you if a door is left ajar.

Zero-Clearance Hinge

Marvel's low-profile hinge design allows true built-in installation. Doors open within the cabinet frame without needing extra side clearance, giving you a sleek, custom look that integrates beautifully into any design.

Panel-Ready Options

Every unit is available in either stainless steel or panel-ready designs (for the same price). Choose panel-ready to integrate effortlessly into your cabinetry for a built-in look that disappears into your kitchen or bar.

Stainless Steel Cabinet

The stainless steel cabinet provides a sleek, durable exterior built to withstand both indoor and outdoor environments while maintaining a premium, modern look.

Six-Color LED Lighting

Illuminate your collection with vibrant, customizable lighting. Choose from bright white, warm white, cool white, light blue, deep blue, or teal to highlight beverages and wines in just the right mood. Multi-point LEDs shine from the top and sides, creating a premium showcase effect.
